CHARITIES AND NOT FOR PROFIT

Our technical knowledge and understanding of the intricacies of charity law, combined with our experience and commercialism required to maximise value and returns, enables us to support you to make sound strategic decisions, in compliance with your charitable objectives and The Charities Act 2022.

We are trusted advisors to over 150 charities nationwide and have a long-standing track record advising on a variety of property issues. We understand the fiduciary duties of charities and the difficult decisions charities have to make. Please contact one of the team if you would like to discuss your property.
